

RUSSIAN FLEET AT HANGO IN REVOLT

IMPRISON OFFICERS AND IS SAID TO ASSIST IN MUTINY

Rebels at Sveaborg, However, Reported to Have Surrendered to Royal Forces

ST. PETERSBURG ANXIOUS FOR OFFICIAL NEWS

VIBORG, Aug. 1.—It is reported here that the Russian fleet stationed at Hango, Finland, has mutinied, imprisoned the officers and sailed to the assistance of the mutineers at Sveaborg.

HESINGFORDS, Aug. 2, 12:55 a. m.—The latest news from the fortress tends to confirm the previous report that the mutineers have surrendered.

The mutineers undoubtedly had the upper hand until the battleships Slavo and Carevitch arrived on the scene and commenced to bombard them when with such telling effect and the biggest guns in the hands of the revolutionists were rendered practically useless. Commander Toge and 300 loyal infantrymen then surrounded the barracks. They were under continual fire from the revolutionists.

ST. PETERSBURG, Aug. 2.—St. Petersburg is now anxiously awaiting news of the outcome of yesterday's battle between the mutineers and the Government forces at Sveaborg. No definite information has been received here, owing to the damage done to the land telegraph wires. The wireless telegraph has not been divulged. According to semi-official information, the crews of vessels are still under control of their officers, but private advices say that a portion of the crews have been confined below decks for fear of mutiny.

Mutiny in Baltic Fleet

There was a rumor in circulation here tonight that four of the ships of the Baltic squadron were in complete mutiny and roaming at large in the Gulf of Finland, and that the commandant at Cronstadt had been notified to be prepared for an attack by the vessels. It is worthy of note that a dispatch to an allied agency from Helsingfors, announcing the arrival of the fleet off Sveaborg and the fact that it opened fire does not mention what it opened fire against.

Vice-Admiral Bjelke, presumably has gone to Helsingfors to assume personal command of the fleet, as it now develops that Grand Duke Alexander Michaelovitch, the Emperor's brother, is not with the fleet, as previously reported, but at Gatchina with the Empress Dowager.

Fear General Uprising

Intense anxiety still prevails with regard to a possible uprising at Cronstadt, and the general spread of the revolt through the entire naval establishment. A personal visit by a correspondent of the Associated Press to Cronstadt shows that the authorities there receive timely warnings of the events at Sveaborg and nipped a possible revolt in the bud. They had the situation well in hand Tuesday night and quietly placed a detachment of infantry at the door of the marine bar-

VALET AND MAID POSE AS COUNT AND COUNTESS

CHERBOURG, Aug. 1.—Extensive frauds perpetrated upon tradesmen and hotel keepers here have led to the arrest of a man and woman who were formerly in the service of Count Wittgenstein as valet and countess. Count Wittgenstein is said to be at present in the United States. The prisoners had in their possession the Count's marriage certificate. They had recently traveled on board the steamship Kaiserin Auguste Victoria. They registered in hotels here as Count and Countess Wittgenstein.

Sailors Are Imprisoned

Yesterday morning the 1,500 sailors composing the Seventh Squadron, quartered at Cronstadt, whose loyalty had been distrusted, found themselves looking out of the windows of their barracks and unable to communicate with the outside. The streets of Cronstadt are swarming with troops of the loyal guard regiments and the newly arrived men of the twenty-fourth division, who serve to overawe the disaffected element.

Agitators Are Gathering

A group of agitators went over to Cronstadt in the same boat with the correspondent of the Associated Press, attempted to hold meetings and communicate news of the Sveaborg happenings. They were dispersed, however, and fled before the leveled rifles of the soldiers.

The Ross woman said Hartje paid Josephine Wright's room rent thereafter. Hartje several days ago swore that he did not know Josephine Wright and never visited her. The Wright woman swore that she did not know Hartje. This was when Hartje's attorneys were introducing evidence in rebuttal.

NOW THREATENS THE ARREST OF FELLOW EAGLE

Member of Sparks Lodge Wants Money Advanced to Alleged Deficient Member

W. A. BARR, THE ACCUSED, DENIES EMBEZZLEMENT

Parent of Yardmaster's Wife Is Expected to Send Money for Reimbursement

"UNLESS I am repaid this afternoon at 3 o'clock I will press the charge of embezzlement against W. A. Barr for having misappropriated \$280 belonging to the Eagles lodge of Sparks," said B. B. McBride, just knighted. "McBride has put me off and made promises to reimburse me; I am tired of waiting. When I helped him out I did not believe that he had done wrong with the lodge's funds."

Anticipating the move on the part of his accuser, Barr has already given himself into the custody of Sheriff Ferrell, but as no charge was preferred against him, the sheriff could not hold the man, and he was released.

B. B. McBride is the Eagle who asserts that he will make the charge against Barr. McBride advanced the \$280 in the form of a check at a meeting of the lodge in Sparks Sunday night when various members of the lodge are alleged to have called the handler of the funds to account. Barr could not or would not tell what had become of the money, due then for over a month and a half, and when his honesty was questioned, McBride generously offered to file his brother member over the difficulty. The explanation was given by him at this time that the money was safe in bank, and that it would be forthcoming last Monday. Nothing has been done; the affair has caused unlimited talk in local and Sparks lodge circles, and the crisis will undoubtedly come this afternoon.

Several months ago, W. A. Barr, a prominent member of the Eagles, ignited the introduction of a lodge in Sparks. He became the organizer for the order, and a large list of names was procured. Each of the prospective members are alleged to have paid the admission fee to Barr, amounting to about \$510. Then the lodge was installed. Barr paying to the State of Nevada, for a charter, \$250 for a charter. The remainder of the funds was not accounted for until last Sunday night, when the order, demanded an explanation of that large sum of money. McBride, McBride gave a personal check to cover the amount.

Barr has made every effort to raise the money McBride alleges is due him, the latter having advanced \$280 to cover alleged deficiency in the lodge accounts, and today he expects to receive the sum from his wife's father, a wealthy retired capitalist in Kansas. The outcome of the affair depends on the favorable reply received from Mrs. Barr's parent. She asserts that calling on him was a last resource, response from her husband's friends being unavailing.

"Barr could not explain the reason for the deficiency to me when I asked him after the lodge meeting Sunday night where the rest of the \$510 had gone, knowing that the charter only cost \$250," asserted McBride last night. "He claimed that he had the money in the bank at first. Later he could not repay me, and he said that he lent it to a fellow whom he would not name, and that the latter had disappeared with it."

"The money has been due the lodge here since June 11, and I do not think that Barr had it at the time he asserts; he made away with it somehow, and I intend to have him called to account today."

On the other hand Barr denies that he is an embezzler. He stated last night that he was not in debt to the lodge as his deficiency was made good by McBride. He claimed that the latter would account. As quoted above McBride avers this has not been done. Barr further avers that the whole matter grew out of his attempt to help a friend who had run out of Sparks with the money. He emphatically denies that he gambled with the lodge funds and lost them, as had been alleged by several members of the order. Yet with all his versions of the affair, he would not account for the loss and why he had not explained to the order.

Barr is night yardmaster at Sparks. Monday night he received a layoff of \$110 a month. The railroad officials had only words of praise for the work of the employee accused by McBride, saying that he has always been a duty satisfactorily. Barr was well known to railroad men generally. Yesterday he received a wire from W. W. Miller, an official of the Missouri, Kansas and Texas road in connection with the expected table.

"If I am not strong, but I will have to work if my husband receives his discharge from the railroad because of this trouble," said Mrs. Barr last night. "My father is wealthy, but I will never return to him with any disgrace bearing me down in shame. We will have to go away from here now where we can forget the injury done to my husband's name. God lent it to me, but anyone could tell it is a wrong. He is not guilty; if the lodge will only give him time he can account for every cent he took."

District Attorney Craig was interviewed last evening in connection with the criminal liability that at the

QUARREL ENDS IN SHOOTING OF WRONG MAN

Patsy Dwyer, a Tonopah Gambler, Fires at Two Austin Men in Moonlight, Kills One and Wounds Other and Discovers Error When Arrested

AUSTIN, Nev., Aug. 1.—Patsy Dwyer, a dealer of Tonopah, and Jack O'Brien, a bartender from Manhattan, had a quarrel in a saloon here on Tuesday afternoon, and when they parted there was an understanding that when they next met they would meet shooting.

About 8 o'clock Dwyer went to the red light district looking for O'Brien, and not finding him, he started for town. On turning a corner near the International Hotel, he saw Albert Williams, a conductor on the N. V. Railroad, and County Recorder H. W. Dyer standing together, and in the moonlight he mistook Williams for O'Brien's partner. Without a word Dwyer fired three shots, one bullet entering Williams' brain and killed him. One bullet struck Dyer in the left leg between the ankle and the knee, breaking both bones. Dwyer was arrested by Deputy Sheriff Oliver. The morning Dwyer was taken to the N. V. home and identified and later on was taken to view the remains of Williams. Thinking up to the time that he saw the remains that he had killed O'Brien, Dwyer collapsed.

DOES NOT WANT STATE MAN FOR JUDGESHIP

Editor Journal.—Your editorial of July 31st strongly advocating the appointment of a Nevada to the position of District Judge, Ninth Circuit, District of Nevada, does not meet with my approval. The two most prominent names mentioned are E. S. Farrington of Elko and W. A. Massey of Reno. Both men are able and competent to step into the shoes of Judge Hawley. They are men of ability, honesty and integrity and enjoy the confidence of their fellow citizens. Then why do I not approve of the appointment of a Nevada? Because, unconsciously, human nature is naturally influenced by environment, and particularly by former associations. And even if, by miracle, they should not be so influenced, those practicing before them would naturally believe they are. Among the most important points that an attorney studies and attempts to ascertain is the blood and social relations of the judge to the parties and attorneys. Honest attorneys—if there are any—duly and unequivocally desire to try their cases before judges who have no acquaintance whatever with the facts, and particularly none whatever with the parties, and who are perfectly free to weigh the evidence in the scale of justice, and apply the law according to his best lights without fear of punishment or hope of reward.

If I am correct in the foregoing premises, I believe that judges for Nevada should be appointed from far away, and the principle should apply to every other State.

It is my belief that the ends of justice would be better subserved if the election of our District Judges was mixed about as follows: The electors of the Second District to elect the judge for the First District, and the electors of the Third District to elect the judge for the Second District, and so on, until the electors of the First District elected the judge for the last district.

Lead us not into temptation, but deliver us from evil.

SEVERAL HUNDRED DROWNED DURING SEVERE TYPHOONS

VICTORIA, B. C., Aug. 1.—Heavy loss of life is reported from Shanghai because of severe typhoons with lightning and heavy downpour of rains. Several hundred Chinese were drowned or killed by the collapse of houses and several natives in the French concession were killed by lightning.

Captain Train, son of Admiral Train, U. S. N., was one of the heroes of the storm.

With a boat's crew he went out to the rescue of an overturned houseboat and rescued Rev. D. Mc. Gilivray, a missionary. DROVE SETTLERS LORD DOUGLAS IS AWAY FROM LAND ARRESTED FOR BIGAMIST

Testimony Introduced by Prosecution Against Hamilton and Hendricks in Land Fraud Cases States Defendants Harassed Newcomers

PORTLAND, Ore., Aug. 1.—In the case of the United States against Hamilton and Hendricks, on trial in the Federal Court before Judge Hunt and a jury, the Government rested at adjournment this afternoon, and witnesses for the defense will be placed on the stand tomorrow. It is not thought the case will be ready for submission to the jury before next Saturday.

Ten witnesses were examined today for the prosecution and in the main their testimony was a continuation of the story of how the Butte Creek Land, Livestock and Lumber Company, of which defendant is secretary and treasurer, harassed settlers within the confines of their illegitimate domain to such an extent that many were compelled to leave the country. After that, it is said, the corporation through a well planned system of "dummy" locations, acquired title to the deserted homes and converted the whole into an immense pasture that embraced 18,369 acres of public lands besides their own holdings.

Special Assistant to the Attorney General Heney has reserved testimony of several witnesses for rebuttal purposes, and although in the aggregate he has called a large number, it is believed, that his supply of testimony is not nearly exhausted and that it all depends upon the character of the defense introduced, whether he will attempt to overwhelm the defense with a flood of additional evidence.

aches to such accusations as are made against the accused. "I have been consulted in this matter at all," he said, "and was not advised that Barr had presented himself at the office of the sheriff for the purpose of giving himself up. Knowing nothing of the plot of the case, I cannot reply in a general way. It is a fact, however, in the case of any theft or robbery, embezzlement or otherwise, if the person stealing takes the property of another with intent to steal the same, then the person so doing is guilty, regardless of restoration of property. There must be proven the intent to commit the crime."

An unexpected turn was put on last night at the Grand which undoubtedly will prove a great drawing attraction during the week. It was an act, formed and put on the program in San Francisco, and is played by Rommie and Fitch. It is called "For Memory's Sake." Although not Lilled, Manager Cliff secured the act at a late hour and theater goers will get the benefit of his enterprise.

LADIES REHEARSE

The rehearsal yesterday morning of the Treble Clef Club at the home of Mrs. Genevieve Wright, the director, was well attended and the ladies showed continued improvement in their work. It will not be long, probably this fall sometime, when a concert will be given, as the progress now being made by the singers is most encouraging.

SOCIETY WILL TRY TO ABOLISH QUACKERY

Movement to Be Inaugurated in New York With Branches in All States Against the Falls of Selling Adulterated and Harmful Medicines

SAN FRANCISCO, Aug. 1.—C. S. Andrews, counsel to the Medical Society of the County of New York, has announced the completion of plans for a conference to be held in the Hudson Theater, New York, on November 12th, to devise ways and means for protecting and preserving the public health and morals. The particular evils complained of, which attempts to remedy will be made, are charlatanism and quackery; the indiscriminate sale of narcotics, opiates, alcohol and other poisonous drugs under the guise of so-called "miraculous" patent medicines; the sale of adulterated drugs and foods, and the acceptance by newspapers of objectionable medical advertisements. Attention also will be paid to the problem of child labor.

The conference is expected to authorize an application to the New York Legislature for a charter broad enough to cover the objects of a proposed society, which will have its State branches, with local societies in the leading towns and cities of the country.

Membership is not to be confined to any profession. Many societies and prominent citizens have endorsed the proposed conference, which promises to be largely attended.

CORNER STONE WILL BE LAID TODAY

New City Hall, Center Street Side

MAYOR MAKES APPEAL

"GOVERNOR SPARKS postponed a trip out of the State in order to attend the laying of the corner stone of the new city hall; ten of his staff, together with the members of the Masonic and city and county officials lay aside their duties and obligations in order to participate in the event. It is one of great importance and will be of great interest as well. I ask, then, that, in order to observe the occasion, I properly all property, professional and business men close their business between the hours of 4 and 6 p. m. in order to attend and permit their employees to attend as well."—Mayor Wilson's appeal to Reno.

TODAY at 4 o'clock the corner stone will be laid to the new city hall. The ceremonies will be conducted by the Masons; there will be a big parade and speeches. Governor Sparks will occupy the grand stand, accompanied by his staff. The day will be doubtless the occasion of great festivity among the citizens of Reno on the tangible evidence of the growth of this municipality and its prosperity.

The programme in full is as follows:

Music by the Boys' Band; Introductory remarks, Mayor Wilson; mixed quartette, "The Re-union"; laying the corner stone, by the Grand Lodge, Masons, address, Rev. Samuel Un-

worth, grand orator; mixed quartette, selected; and a selection by the Boys' Band. Previous to the ceremony the Masons will parade through the principal streets en route from their hall to the site of the services.

Captain W. L. Cox, who is a member of the Governor's staff, and who will act today as grand marshal, has sent a telegram last night from Astoria, Ore., to Governor Sparks, stating: "There will be ten of staff at Reno tomorrow." Governor Sparks postponed a trip out of the State in order to attend the ceremonies of laying the corner stone.

Programmes for the ceremony may be obtained at any of the three banks, the newspaper offices and some of the business houses.

LOOKING FOR THE SUCCESSOR TO W. B. CRAIG

D. P. Moran is prominently spoken of and indicates willingness to act; A. N. Salisbury also suggested as a strong probability

On the heels of W. B. Craig's resignation of the office of district attorney, which resignation becomes effective September 1st, there follows the expected discussion as to the possible successor. There are many named as eligible and the Republicans are busy picking out the fortunate one.

At present one of the most prominent and likely candidates is D. P. Moran, whose many friends are active in his behalf. He is well known in this county, and a member of the legal firm of Hartson & Moran. It is stated he would accept the position if tendered to him, and is known to be a candidate for the office at the Republican convention to be held soon. His friends make many claims for him, and his name will undoubtedly be placed strongly before the board of county commissioners, which has the appointing power.

Another strong possibility is A. N. Salisbury of the firm of Boyd & Salisbury. He is well and favorably known as an attorney of ability and is believed by many to be able to secure the appointment if he desires it. He is quoted as saying that he does not wish the office, but on the other hand, as he has not gone into politics he has not considered the matter.

R. M. Price, who was acting district attorney during Craig's recent trip east, is away on a vacation, but before he went, having heard indirectly of the possibility of W. B. Craig's resigning, he stated that he (Price) would not accept the office if proffered him.

The members of the board of county commissioners do not at this time know on whom their choice will fall.

SUNDAY SERMONS

C., and her two sons, who are railroad men in Nevada and California, have been notified and will probably reach Reno as quickly as possible. After fifteen years of efficient service as instructor in chemistry at the Nevada State University, Professor N. E. Wilson is retiring to go into the retail drug business. WANTED IN ALASKA ON A PERJURY CHARGE

A. L. Smith, Well Known Mining Man, Who Formerly Ran an Auto Line in This City, Arrested by United States Officer

A. L. Smith, the well known Tonopah mining man, and formerly connected with the Tonkey in an automobile line in this city, was arrested Tuesday night in this city by Sheriff Ferrell and United States Special Agent, C. Coleman of Nome, Alaska. Smith is now in the county jail and will be taken to Nome by Coleman this morning. He will be accompanied as for us Seattle by Sheriff Ferrell.

Special Agent Coleman stated yesterday that Smith is wanted by the United States authorities at Nome on the charge of perjury, alleged to have been committed in the case of the United States vs. Monte Stevens, who two years ago pleaded guilty to embezzling three thousand dollars while serving in the capacity of city assessor and tax collector of Nome. Stevens was sentenced to a term of four years at McNeil's island and pay a fine of five hundred dollars. It is alleged that at the time the case was pending in the courts at Nome, Smith, who was at that time employed on a Nome paper, made an affidavit to the effect that he saw Stevens give Harry G. Steele the sum of two thousand dollars and that Steele promised to pay it back when called for. Steele was at that time the owner of the Nome News. This affidavit is stated has been denied by Stevens, who is now serving his sentence at McNeil's island. The affidavit of Smith, however, was not used, as the case never came to trial, Stevens pleading guilty.

"I do not know for what purpose I am being taken to Nome," said Smith last night. "The charge of perjury I am sure will be quashed as the affidavit which I made was the truth and it was not used, as the case against Stevens never came to trial, he pleading guilty. "I first met Monte Stevens at Fairbanks, Alaska and from that place we went to Nome. There Stevens secured employment as a reporter on the Nome News, which was then under the ownership of Harry G. Steele. I went to work as a reporter on the Gold Digger. Through the influence of Steele, Stevens was appointed city assessor and tax collector of Nome. Finally Stevens was found to be short in his accounts with the city, was arrested, pleaded guilty to embezzlement and was sentenced to serve four years in prison and pay a fine of five thousand dollars.

During the time that Stevens was tax collector, one evening before his arrest he asked me to go to his cabin with him. On the way we met Steele, who accompanied us to the cabin. When we arrived there, Stevens excused himself and said that he had some business to transact with Steele. The two sat in a corner of the room and after an earnest conversation Stevens arose and going to a safe in the room took from it a sack of coin and counting out two thousand dollars and gave it to Steele, Steele promising to pay it back when asked for. At that time Stevens told me that he gave the money to Steele to get the latter out of a hole and that he desired that I witness the transaction.

"Soon after this Stevens was arrested on the charge of embezzlement. I saw him in the city court and succeeded in getting him to defer action in the matter for one week, thinking that I might be able to raise the shortage and get Stevens out of the scrape. I went to St. Michaels and while I was gone Stevens was placed in jail. Steele left Nome for Seattle the same day Stevens was arrested.

"I then made the affidavit to the effect that I saw Stevens give Steele two thousand dollars and that Steele promised to pay the money back when asked for. This affidavit was not used and has been on file in the district attorney's office at Nome ever since. The next I heard of the case was when the district attorney asked me what I went to St. Michaels for prior to the case, and if I delivered and package when I went there, insinuating that I received a portion of the embezzled funds. Soon after this I went to San Francisco and was questioned by the United States marshal about the affidavit. That was the last I heard of the matter until last year when I received a telegram from United States District Attorney Hoyt, who drew up the affidavit, asking me to give him the true story of it. I replied that there was no story to give, that the affidavit was the truth. The next I heard of it was when I was arrested here Tuesday night. I wish to state that Sheriff Ferrell and Agent Coleman have afforded me the best of treatment since my arrest."

Smith will be accompanied north by his wife, Sheriff Ferrell, who will go as far as Seattle, will stop two days in Salem, Oregon, where he will visit with his mother.

BODY IS CRUSHED BY FALLING LOG

Julius M. Goerger, who has been employed as a logger at Camp Fay, was severely injured in an accident yesterday, and as a result his leg is broken and an arm fractured. Goerger was hurt while loading lumber on the car at Camp Fay. A log slipped as it was being rolled up on the car, and losing control of it, the injured man was pinned to the ground beneath its weight. It is asserted that it will be several months before the injured logger will be able to work again.

IN THE DISTRICT COURT

In the district Court yesterday the following cases were disposed of: Dennis vs. Dennis, decree of divorce granted; Hart vs. Spencer and Linnville vs. Scheeline, plaintiff's attorneys brought up an application to have the court certify papers as having been read and upon hearing motion for new trial the motion was denied, the court's order being that it had lost jurisdiction.

McKay vs. McKay, plaintiff given forty days in which to prepare, serve and file motion for new trial and statement on motion for new trial.

Look for Big Crowds to Visit Reno

First Week in September Will Be Lively One for the People of This City

IF THE efforts of District Freight and Passenger Agent Taggart can prevail, Reno will have a crowded week during the first of September. There are three events that will attract many to this city. They are the convention of the Democratic and Silver parties here; the Labor Union celebration September 3, and the coming of the big circus. Efforts were made yesterday by delegates to the convention and by Labor Union leaders to secure half rates. Taggart promised to do what he can to secure the concession, and it is believed that he will succeed. If so from all points in Nevada and as far west as Truckee, single fares, one way, will be all that will be charged for roundtrip tickets between August 27 and September 4.

Seattle Gets Worst Defeat In Her Career

SEATTLE, Aug. 1.—Oakland gave Seattle the worst beating in her history, the score being 18 to 3. Graham had the locals completely at his mercy and could have got a shut-out if he had worked hard all the time. Oakland got eleven hits off Vickers in two and one-third innings. Welsh, who relieved him, was hit even harder. Score:

Seattle	18	H. E.
Oakland	3	H. E.

Batteries—Vickers, Welch and Blankenship and Hanson, Graham and Bliss. Umpire—Mahaffey.

OAKLAND, Aug. 1.—The San Francisco team found Henderson a barrier to victory today. The seven hits he gave them were divided among six batters. Portland won in the fourth on three bunched hits. Score:

Portland	7	H. E.
San Francisco	3	H. E.

Batteries—Henderson and McLean, Meyers and Wilson. Umpire—Dunneavy.

FRESNO, Aug. 1.—Los Angeles won out today in the tenth inning. McGregor issued a free pass and an error by Detmas let another man in first. Dillon scored both runs with a three-bagger. Dillon was put out of the game in the tenth inning for quarreling with the umpire. Score:

Los Angeles	3	H. E.
Fresno	2	H. E.

Batteries—Burns and Mangrum, McGregor and Dashwood. Umpire—Dunneavy.

Watches Most Important
Probably the most important article of jewelry carried is the watch. Business men to meet engagements, railroad men to keep to the regulation time, appreciate reliable watches. There are no better time pieces than the Waltham and the Hamilton, the latter being made expressly for railroad employees. Both are reliable makes, and will always give satisfaction. The "Boss" and "Crescent" cases are also handled. L. Radcliffe Jr., Jeweler, Thomas-Bigelow bldg. a211

Poor Racing in the Mud at Brighton

NEW YORK, Aug. 1.—The heavy rain which began before the races at Brighton Beach today made the track a sea of mud and mudders were in demand. The card was practically ruined by the withdrawals. The Fighters and What They Are Arranging

Harry Lewis and Kid Herman have been signed to box at Grand Rapids within two months.

Tom Burns, who has been wandering about the country in search of a bout, is back in Los Angeles, where he is going to make his home.

Jimmy Walsh wants more time to train for Frankie Neil, and he has asked for a postponement of the match, which was scheduled for August 3d.

Alex. Greggains, the Frisco fight promoter, is again trying to match Charley Neary of Milwaukee with Battling Nelson for a twenty-round bout.

The boxing bout between "Spike" Robson and Tommy Murphy has been postponed for two weeks, owing to an injury to Robson's shoulder.

Joe Gans is following in the footsteps of Joe Walcott, and has drawn the color line. Gans claims that he can't get any money by fighting colored men, and says that in the future he will box only white men.

Jack (Twin) Sullivan lost a good chance to get at Tommie Burns by not beating Tim Flynn in their fight at Pueblo last week. Tommy McGarry offered to match Burns and Sullivan, if the latter won, for a fight at the Pacific Athletic Club.

Having failed to tempt Young Corbett by an offer to meet Oak Russell at 133 pounds, the Indianapolis Athletic Club is now thinking over a match between Russell and Andy McGarry. These boys are both strong and fast, and of the kind that keeps the necks of the spectators well craned.

STOCKS, MINES and MARKETS

RAMSEY BOOMING MANY MINES WORKING

The Boom Still Continues at the New Camp of Ramsey, and Stores, Saloons and Restaurants Are Going In—Mines Working

The Ramsey district is still booming and every mail brings additional good information from that section. There are many new arrivals every day and many big freight wagons loaded with lumber, hay and merchandise are going in. Planch & Co. have about 10,000 feet of lumber on the ground for a saloon and lunch house. The building is to be one and one-half stories high and twenty-five by sixty feet in the clear. H. H. Cowdrey has lumber on the ground and is putting up a store 25 by 36 feet. He will put a full line of groceries, notions and fruits and will run a butcher shop in connection with the store. Hosting can now be heard in all directions and the miners are settling in to develop the claims. Messrs. Lewis and Constance of Carson are in camp and will issue the first number of the Ramsey Record for next Saturday. Messrs. Lewis and Constance are busy running lines of telegraph wire to the mines. It is said that \$2,500 has been received for two of the earliest corner lots. These merchants, restaurants and saloons are doing a rushing business and money seems to be very plentiful.

MANY MERCHANTS NOTE INTEREST IN CONTEST

The merchants who are handling the Journal coupons in connection with their sales have reason to know of the interest that the contest for the two lots is exciting and the popularity of the coupons of this paper. The two prizes are corner lots in the Wheeler-Burke addition, which is located but eight minutes' walk from the center of Reno. They are of the value of \$100 and \$350, respectively, and are to be given after October 7th to the two persons who have collected the most coupons. Quite a number of beautiful homes have been erected and occupied in the Wheeler-Burke addition, and others are in course of erection or completion. No addition in the city presents such a combination of attractions, as a high class residence district, as the Wheeler-Burke addition. Go and see it for yourself and you will realize all this. A coupon is published in the Journal every Sunday, and coupons may be had of the following merchants: one with each 25-cent purchase: M. Frank & Co., Mrs. W. J. Roberts, Riverside Studio, H. P. Bailey, J. L. Bradley & Co., Buss & Fisher, The Cash Drug Co., Carr & Elliott, Roy E. Davis, Reno Meat Market, Truckee Meat Market, Wiley B. Allen Piano Co., Wieg & Boutchell, Reno Shoe Factory, Lent & Hansen, J. M. Murphy, Murphy & Co., W. R. Sanchez Bros., Reno Mercantile Company, Nevada Cycle & Mfg. Co., Sewing Machines and Supplies (T. D. Dollinger), The Lamy Bee and H. J. Smith. These coupons are just as good as those clipped from the Sunday Journal. They count just the same.

WONDERFUL STRIKE IN THE KEYSTONE-NEVADA

An Enormous Shoot Discovered Carrying Values of \$9000 Per Ton in Gold in a Claim in Whitehorse Mining District

Yesterday the Keystone Nevada, in Whitehorse district made the final payment of \$15,000 to Jack Sheehan for his interest in the Crown, Pearl, two-thirds of the Wonder, Providence Empire and Valley View claims. These properties were bought from Sheehan about one year ago, and this final payment closes the deal for one of the most valuable groups on the great mineral belt of Whitehorse district. The Keystone Nevada Company, a so-called Opa group, there is about 1,000 feet of underground exploration work on the property, and a very careful estimate shows that the enormous body of ore now in sight, twelve or fifteen thousand tons, carries a general average value of about \$20 in gold per ton, and as this ore can be mined or milled for not to exceed \$2 per ton. Tuesday morning a remarkable strike was made on this property at a depth of 160 feet below the apex of the lode. At this point, a strong shade was uncovered which indicates values of \$300 to \$9,000 per ton, in gold. This shade is an extension of the rich shade discovered at this depth about one year ago when assays were had showing values of \$52,000, \$68,000 and \$172,000 per ton, in gold, and the mine manager, George W. Lloyd, who is now in the city, asserts positively that the present strike is fully as rich as the one made nearly one year ago and which attracted so much attention at the time. The present disclosure has opened up eight feet of solid ore, which shows very high general average values, and there are five remarkably rich seams in the vein from which almost any kind of an assay can be had. In addition to the 12,000 or 15,000 tons blasted out in the mine, there are 400 tons on the lower dump, 150 tons on number 2 dump, and 60 tons on No. 3 dump, and all of this ore probably has a general average value of more than \$15 per ton in gold. The Keystone Nevada is indeed a very valuable property, and is in this to make a remarkable output within the next few months.

ON THE COMSTOCK LODE IS GREAT ACTIVITY

Franklin Leonard of New York Visits Several Big Properties Besides the Suro Tunnel and Reports a Great Deal of Work Being Done

Franklin Leonard, president of the Savage Mining Company and treasurer of the Comstock Tunnel Company, better known as the Suro tunnel and having large interests in several of the Nevada camps, was in Reno yesterday. Mr. Leonard is a very prominent operator on Wall street, and was accompanied on this trip by Edwin B. Sturges of Scranton, Penn., and a well known operator of andesite coal mines. These gentlemen spent some time on the Comstock lode, looking over the Ophir, Gen. Virginia, Mexican, Savage and other mines, and examining the new machinery now being installed. They also visited the Suro tunnel and inspected the new flume which is being installed to convey the hot water from the lower levels from the mines through the Suro tunnel some five miles to the Carson river valley. The operation of the Comstock property, which was delayed by the San Francisco trouble has been resumed at nearly all points. Leonard and Sturges started for the south yesterday to look over a number of Goldfield and Tonopah properties and will make an exhaustive examination of certain properties in the interests of their friends. Concerning Whitehorse district, Mr. Leonard speaks in the highest terms of praise and as one thoroughly familiar with that district, he predicts a great success for the operations of the Nevada Exploration Syndicate. "I have noticed marked enterprise in Whitehorse district," said Leonard, "and if it continues to progress, as I am sure it will, it will lead the State in the production of precious metals."

TRADE AND FINANCE IN THE WORLD MARKETS

New York Stock Market Prices Show
a Higher Level and Dealings Are
Fair in Volume—Grains Close Firm,
But Produce Holds Weak

NEW YORK, Aug. 1.—The rise in stocks which has shown a somewhat halting tendency this week was resumed with aggressive force today. Prices were swept to higher levels throughout by well distributed buying orders and the market broadened materially from the recent extreme congestion in a few of the market leaders. Dealings rose to well over 1,000,000 shares and the largest total of daily sales of the present upward movement. The favorite speculative stocks, however, continued well in the forefront of the movement, especially the Pacifics, including in that term the whole of the transcontinental group. It was in that group almost alone that the advance has carried prices to above the level touched in June at the height of the first recovery after the shock of the San Francisco disaster. The St. Paul movement has as a speculative incentive a persistent rumor that the Union Pacific control has been in the hands of the larger control of St. Paul. An explicit disclaimer of these rumors by the president of the Union Pacific was met by the suggestion that the end might be gained by making Southern Pacific their principal center in the supposed arrangement. Bonds were irregular. Total sales, par value, \$1,895,000.

The Money Market
NEW YORK, Aug. 1.—Close: Prime mercantile paper, 5 1/2 @ 5 3/4 per cent. Sterling exchange firmer at 4.85/10 @ 4.85/15 for demand and at 4.82/20 @ 4.82/25 for sixty-day bills; posted rates, 4.82 1/2 and 4.85 1/2; commercial bills, 4.81 1/2. Mexican dollars, 50. Government bonds, steady. Railroad bonds, irregular. Money on call easy, 2 1/2 per cent; ruling rate, 2 1/4; moving bid, 2; offered, 2 1/2 per cent. Time loans, steady: sixty days, 3 1/4 @ 4 per cent; ninety days, 4 1/4; six months, 5 1/2 per cent.

Price of Silver
NEW YORK, Aug. 1.—Bar silver is quoted here at 65¢ today.

Grain and Produce
CHICAGO, Aug. 1.—The wheat market manifested considerable firmness early in the day because of active demands by shorts who were given to cover by reports of revolutionary outbreaks in Russia. The market was influenced at the start by a decrease in local receipts. Toward the end of the first hour, however, sentiment became bearish and prices quickly declined. On the decline, prices reached a new low record mark for the season. Late in the session the market rallied and almost all of the loss was regained. The late demand came largely from shorts. September wheat opened 1/4 @ 1 1/2 @ 1 3/4 higher at 74 1/2 to 74 3/4, sold at 74 3/4 and then declined to 73 3/4 @ 73 1/2. The close was at 73 1/2 @ 74, a loss of 1/4. The corn market was firm early in the day. Later, however, the market weakened on selling induced by reports of larger acceptances from the country, and closed weak. September wheat closed at 73 1/2 @ 74, a loss of 1/4. The oats market was weak all day. The close was at 30 1/2 @ 31, a loss of 1/4. Provisions were weak because of a decline of 5 @ 10¢ in the price of live hogs. At the close September pork was at 22 1/2 @ 23, a loss of 12 1/2¢ and ribs were 7 1/2¢ lower.

Livestock Markets
CHICAGO, Aug. 1.—Cattle—Receipts, 11,000 head. Steady. 10¢ lower. Heaves, \$3.70 @ 4.30; cows and heifers, \$1.25 @ 1.50; stockers and feeders, \$2.50 @ 4.20; Texans, \$4.00 @ 5.00; calves, \$5.00 @ 7.00. Hogs—Receipts, 25,000. Best light, steady; others 5¢ lower. Estimated tomorrow, 24,000. Mixed and butchers, \$8.15 @ 8.75; good heavy, \$6.20 @ 6.80; poor heavy, \$5.90 @ 6.15; light, \$6.30 @ 6.50; heavy, \$5.85 @ 6.50, bulk of sales, \$6.40 @ 6.50. Sheep—Receipts, 22,000. Steady. Sheep, \$3.10 @ 5.30; lambs, \$4.75 @ 7.75.

The Wool Market
ST. LOUIS, Aug. 1.—Wool steady, medium grades, combed and clothing, 23 @ 28 cents; light fine, 18 @ 22 cents; heavy fine, 14 @ 17 cents; tub washed, 32 @ 38 1/2 cents.

American Tobacco Dividend
NEW YORK, Aug. 1.—Directors of the American Tobacco Company today declared a quarterly dividend of 2 1/2 per cent on the common stock and an extra dividend of 5 per cent also on the preferred stock.

All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O. Stockland, pastor of the first M. E. church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children."
